

ELOCK PROSIGNER Version 7.0

ELOCK PROSIGNER

E-LOCK ProSigner is an off-the-shelf desktop signature product that integrates into MS Word, Excel, Adobe, and the Windows environment. Sign and encrypt files of any format. Verify through the FREE Reader. ELOCK ProSigner allows any computer-based document to be digitally signed from the desktop. ELOCK ProSigner is fully integrated within MS Word, MS Excel, and Adobe PDF applications, providing advanced, easy-to-use software-based signing. ELOCK ProSigner is also PKI-independent, so it can be easily deployed with any PKI infrastructure or with PIN-password protection in accordance to your organization's security requirements.

ELOCK READER

The ELOCK Reader is a free software tool that allows recipients of digitally signed information to verify a document's associated signatures and to ensure the contents have not been altered. Working in conjunction with ELOCK ProSigner, ELOCK Reader gives you the ability to verify digital signatures without installing digital signature products.

Maintenance entitles the customer to free support and free upgrades for 1 year.
