

VISIONEER SCANNERS

VERY FAST PRODUCTIVITY SCANNERS

The Vioneer® OneTouch™ technology is changing the way people think about and use scanners, thanks to its very good integration of hardware and software. The OneTouch 9650 with built-in Automatic Document Feeder (ADF) is not just an incredibly powerful way to scan multi-page documents; it is the faster, smarter, easier way to fax, copy, email, or store documents and images. With its easy multifunctional software integration, it is the office tool you have been waiting for. Packages include PaperPort software: scanning, a really practical document handling interface, OCR (Xerox TextBridge) software and buttons "links" that you can configure to send scanned docs directly to your apps.

FLATBED WITH ADF (AUTOMATIC DOCUMENT FEEDER) OR COMPACT MANUAL FEED MODELS

Look at the best of all worlds, at a reasonable price: a flatbed scanner with a very fast and reliable ADF for 25 or 50 sheets of paper. Or a ultra compact manual feed desktop scanner that is small and fast and needs no power unit: great for mobile users. With a very, very fast handling of monochrome documents, these are the good sense tool that bring you all the advantages of the digital documents and allow your organization to have all documents online, sharable, editable, sendable. We have been importing those scanner for 7 years for our internal usage and have clocked the "small" Strobe Pro (now XP200) at 10 ppm (200dpi B&W) and 6.5 ppm (300dpi B&W). The Strobe XP200 is approx. 29 x 8 x 5cm. The new Strobe XP450 is also blazing fast at 20 ppm in B & W. The PDF models include a license and CD of Adobe Acrobat Writer V5 (value > 300 EUR).

KEY CODE	DESCRIPTION	EUR
